MONTREAL, WEDNESDAY, MARCH 7, 1956

PRICE: TWO CENTS

CHORAL SOCIETY TO GIVE CONCERT

The Choral Society will present their Annual Spring Concert on March 17, in the Sir Arthur Currie Gymnasium.

A special feature of this year's "Springsong" will be the appearance of Dorothy Weldon, one of the leading harpists in the Montreal area. Miss Weldon, who is at present instructing in harp at McGill, is a graduate of the Provincial Conservatory of Music, and a member of the Montreal Symphony. As well as conducting a tour under the auspices of La Jeunesse Musicale, Miss Weldon has frequently performed on radio and television and has also made personal appearances throughout the city. Miss Weldon will play five selections for "Springsong".

In keeping with the spirit of the day, the Choral Society is also featuring "Erin Go Bragh". This is a medley of Irish songs by Thomas Moore, which include "Bendemeer's Stream", "The Last Rose of Summer" and "Oft in the Stilly Night".

The program will also contain two groups of folk-songs from other lands. Among these are "Summertime" from "Porgy and Bess", "The Happy Wanderer" and the haunting "Celtic Hymn".

Tickets for "Springsong" may be obtained from George at the Tuck-shop or at the door, Saturday night. The price is \$1.00.

Book Store To Buy Used Text Books

The McGill University Book Store will again purchase used text books this Spring for resale in the Fall. Students are urged to present their books between April 22 and May 10 in the Arts Building basement.

The second hand book store was originated as a service to students last year to facilitate the exchange of used text books. All University books will be accepted and those which are no longer on the curriculum will be purchased by the Nebraska Book Company at a lower rate.

The Spring period for turn in of the books was chosen so as to coincide with the termination of examinations in both Engineering and Arts Faculties.

The McGill Book Store profits are forwarded to the Students' Executive Council to be used for Students' Society Activities.

The new executive of the Red Wing Society which was elected February 22. From left to right, Flavia Grant-Duff, B.A. 3, Treasurer; Beth Black, Physio 3, President; Denise Benzacar, B.Sc. 2, Secretary.

COMMITTEE POSTS OPEN IN WOMEN'S UNION

The positions for the committees on the Women's Union are now open for appointments. On March 5th there was a meeting of all women students in the RVC Common Room where the present chairmen of the various committees outlined the functions of their committees.

This year there were twelve committees on the Women's Union. In charge of the Women's Union publicity there were the News Bulletin Committee and the Publicity committee. There were several committees whose purpose was to further integration between the non-resident and resident students. These were the Theatre Ticket Committee, the

City Sisters committee and the Year Buffet Suppers Committee. To take care of the first year there was the Freshette Reception Committee. Services for the women students were rendered under the Book Exchange, Placement Service and the Blazer committees. The annual spring show was put on by the Fashion Show committee, the proceeds of which went to a charitable organization.

There is still opportunity for girls to sign up for committees on which they would like to work. Registration is between 12 and 2 in the Women's Union Office in RVC. An executive member will be there to give any information that is required.

SMITH-OSTROFF WIN ASUS NOVICE DEBATE

The ASUS Novice Debating Championship was won yesterday by Geraldine Ostroff and Stu Smith. The opposing team of Dave Schatia and Stan Blicher upheld the affirmative of the topic "Resolved that the United Nations should send troops into the Middle East to insure the peace there." Last year's winners, Norm Samu-

els and Nundiga Gewurtz, presented the trophy before a capacity crowd. Judging the debate were Tim Porteous, Phil Shapomick and Joe Nuss.

Schatia, the first speaker for the affirmative, claimed that the affirmative did not have to show that it was possible to send troops to the Middle East. He felt that all they had to show was that it would be a good thing if it were possible.

Speaking next, Geraldine Ostroff claimed that the affirmative had to show that it was possible. She said that it would actually be impossible to send troops because of Russia's Veto vote in the United Nations.

Stan Blicher stated that the negative had failed to present the case. He also pointed out that the situation in the Mid-East had reached a stage where ordinary mediation was impossible.

Speaking last, Smith, ridiculed the idea that the situation was beyond mediation since there had never been any mediation. He reiterated the fact that one could not argue the word "should" without arguing the word "can".

PRESIDENT, STUDENTS' SOCIETY

Morrie Shohet

a) SEC Isolation: The largest problem with the SEC this year was its apparent lack of touch with student thought. This dilemma is not new in fact; five years ago the Council inaugurated a system by which they hoped to eliminate it. The system has failed, not because of inherent fallacies, but rather because of the fact that the following Presidents failed to administer it properly. I propose that this process of administration be revitalized, eliminating assumptions that have proven false in practice, and in effect forming a Council, which keeps abreast of student opinion and whose leadership is worthy of the students' trust.

b) Open Meetings: All meetings of the SEC, must be made open to the students. In this way the Council will have a constant reminder of its responsibility to them. Open meetings will also allow students to take active interest in the affairs of their government and activities.

c) Executive Application Program: In order that student activities be truly available to all members of the Student's Society, executive posts on the campus should be filled only after applications have been called for from any interested member. In this way all students would be eligible for offices and not only the nominees of the retiring committee.

d) New Union: The news that McGill University will not be building a new Union in the immediate future has come as a great disappointment to everyone. \$25,000 of Students' Society funds were donated towards a new Union in January 1954 and this move aroused considerable public sympathy. Since then, the issue has been dormant. There must exist a continually functioning New Union Committee. Closer contact must be maintained with the University authorities in order that they too are kept aware of the lack of facilities which hampers Students' Society.

Don Stirling

When elected representatives of the student body of McGill cease to be representative of the students electing them — it is time for a change to be made.

For too many years the S.E.C. has not been representing the student body in the handling of important issues — for example — the \$5,000 give-away to the M.T.C.

Our student government encompasses too narrow a group of McGill students in every sphere of its activity. Not enough people are made to feel part of McGill life by being given an opportunity to participate in S.E.C. sponsored events.

Out of participation comes a sense of belonging — and when people feel that they belong to something they take pride in it, and try to improve it; if we all pull together to improve McGill the better off we and our University will be. If Canada's University students of to-day are the country's leaders of to-morrow, the same students must be given an opportunity to develop qualities of leadership.

All activity on campus must be opened up to give EVERY student an OPPORTUNITY to participate at a responsible level.

My aim is to achieve the needed de-centralization of executive positions, and if elected I will do my best to see such changes made.

Don Stirling

Pen Sketch

Don Stirling came to McGill in 1950 from Westmount High and graduated in 1954 with a B.A. After spending a year studying in France Don returned to McGill where he is now in First year Divinity.

In his four under-graduate years, Don participated actively in a number of campus activities: Football — Indians 1950, 1951, Redmen 1952, 1953.

Boxing — Intercollegiate championship Team 1951, Middleweight Champion 1954.

President of Arts and Science Undergraduate Society 1953-54.

Winter Carnival Executive (University Relations Chairman) 1953-54.

Seldom does anyone successfully achieve such a well balanced record of athletic and student government activity.

While President of Arts and Science Don led his faculty to the

PRESIDENT, WOMEN'S UNION

Janet Buzzell

- 2) Continuing year dinners.
- 3) Increasing hospital and social work volunteer services which are necessary and popular.
- 4) Investigating the possibility of establishing a Women's Union bursary with funds raised from the Fashion Show and other money making projects.

I feel that these activities enable more women to take a greater part in campus activities and to meet other people.

Janet Buzzell

Pen Sketch

Janet Buzzell has gained a thorough knowledge of the executive and practical aspects of Women's Union work as a member at large during 1954-55. In this capacity, she was in charge of the Book Exchange. Her other Women's Union Activities include:

Janet Le Dain

This has been a progressive year in the Women's Union. I feel that next year has even greater possibilities for the work of the Women's Union with Open House and the developing plans for the new Student Union.

In addition, I would suggest:—

- 3) Additional publicity by having a Women's Union representative to the Daily. This, with effective use of posters, correspondence, and telephone committee, would instill active interest and participation in Women's Union activities, particularly among the Freshies.
- 4) To see the Placement Service assist in obtaining summer employment, initiating Travelogues, and continuing Career Guidance.
- 5) To carry on and maintain the high standard of work being done in the interest of McGill women.

Barbara J. Shipman

As a member of the Women's Union executive, Barbara is familiar with its organization and policies. Her experience as President of the Red Wing Society has given her insight into all other student activities. Since her election to this Society in first year she has maintained active interest in campus affairs — for example: working on Combined Charities; Winter Carnival; India Sale. The M.W.S.A.A. provides for an extensive intramural and extramural sports program. However, too limited a number of women students take full advantage of this. It is my intention to promote greater interest, enthusiasm and participation in interfaculty sports with emphasis on enjoyment and recreation rather than on ability. This can be achieved if:—

- 1) Representatives of the Intramural Sports Committee are given a fuller understanding of their importance and duties.
- 2) An effective follow through of sports interests indicated on registration cards is made by personal and telephone contact.
- 3) M.W.S.A.A. News letters are issued to all women students.

If elected, I will strive to the best of my ability to carry out the aims and high standard of work of the M.W.S.A.A.

1) Maintain the general policy of the present administration and attempt to carry out their uncompleted projects.

3) Maximum use of each budget dollar.

4) Increase of recreational facilities. Top consideration to Cafeteria and Grillroom.

5) Encourage active participation by women students in Union activities.

SPECIAL PROJECT: The Union must assume an active role in the Open House next fall, showing the public that we are making the most of the present facilities and that there is a real need for a NEW UNION.

1) Union House Committee, member.

2) Red and White Revue 1956, publicity.

3) McGill Annual 1956, production advisor.

4) Chairman, Union Dance Classes (250 participants).

5) University Wrestling Team.

Alec, 27 years old, is in his 3rd year Commerce at McGill. He has studied Social and Political Science at the University of Montreal. (See column Three)

Bill Feldman

Pen Sketch

We, the undersigned, are convinced that Bill Feldman is the logical choice for Union President for the following reasons.

1) He has shown great interest and

ability in various campus activities. He is president of Radio Workshop and a past vice president. He has written for, and acted in the Red and White Review, and will assume an executive as well as creative capacity next year. He has played football for the Indians and is active in the Pre-med Society.

2) He has no "political" affiliations at McGill. Not being committed to any executive body directing student policy, Bill will deal with each issue as it arises, subject to his own integrity and his evaluation of student body opinion.

3) Bill came to McGill three years ago from Strathcona Academy where he was Valedictorian, Eaton's Junior Executive, a Student's Council Representative, winner of a public speaking contest, and was on the editorial board of the school newspaper and annual. He also played senior basketball and football.

4) He has confined his activities at McGill, only to those in which he has been sincerely interested. (See column Five)

Robert Gualtieri

UNION

1) My prime concern is to make the new constitution a working reality. Next year's president establishes precedent and it will be my aim to set up a dynamic, working

House committee by opening Union positions to the campus generally, thereby assuring fuller participation.

2) I undertake to further develop co-operation between the New Union Committee and the officials of the University.

3) I intend to encourage a more decisive effort, on the part of the Dates Committee, to integrate campus activities so as to have a minimum of overlapping.

STUDENT SOCIETY

1) I will incorporate a Service and Booster Club whose function will be to provide practical services to campus-wide projects.

2) I intend to provide better facilities for students and campus clubs to make their needs known to the S.E.C.

Bob Gualtieri

Pen Sketch

In nominating Bob Gualtieri we are convinced that we present a candidate of outstanding ability in all phases of university life: academic, extra-curricular, athletic.

David Lochhead

If elected I promise to approach each issue as it arises with an open mind and with the intention of acting in the best interests of the student body as a whole, and not in the interests of any pressure group or clique that may arise on the campus. I further promise to make myself available to discuss any policy decision with any student who wishes to air his views.

I also propose to look into the possibilities of improvements in the Union, such as better lighting, especially in the grillroom, and the painting of those parts of the Union most in need of it.

David Lochhead

Dave entered McGill on the George Herrick Duggan Memorial Scholarship. He is active in several campus organizations, including the Student Christian Movement, and is Vice-President of the Montreal West Young People's Union and Treasurer of the Montreal Branch of the Gilbert and Sullivan Society.

Since the record of Dave's activities speaks well for his executive abilities, and knowing that Dave has the students' best interests at heart, we can honestly state that he has the experience, integrity and determination to fulfill the post of Union President.

We, the undersigned nominate Elizabeth Vale for Secretary of the Women's Union because we feel that her efficiency, dependability and organizational ability qualify her well

She has also maintained a high scholastic average and won the Ethel Hurlbatt Scholarship. We are confident that Elizabeth would be a valuable asset to the Women's Union.

Don Harterre

I, think, the A.S.U.S. should have:

1. A promotions chairman to stimulate our contributions to activities.

2. More attention afforded A.S.U.S. clubs.

3. A campus-wide social event rivalling those of other faculties.

4. More adequate space in the new Union and improvements to existing facilities.

This I would do.

Don Harterre

Don entered McGill in 1953 on scholarship and through his capacity for hard work and administrative ability has been on the Athletics' Nights executive, Mountain Night executive, Blood Drive, Intermediate Football team, and was elected a Scarlet Key. We find Don's ability, personality, and experience distinguish him as a candidate worthy of the position.

REDMEN RAMBLINGS

by Norm Zavalkoff

For the first time in many years, a Daily Sports Editor is able to sit down at his typewriter and predict that the prospects for the next football season are extremely promising. It is certainly a little premature to predict a championship for the Redmen at this early date but there will be many surprised observers, including this one, if McGill is not in the thick of the title fight.

At the end of the past football season the Redmen were probably the best team in the league and were certainly the scrappiest. Former Toronto coach Bob Masterson credited the Redmen with knocking his team out of contention for the championship game with Queen's. McGill administered such a physical pounding to the Blues in their 16-9 win at Montreal that several of the Varsity players did not see action again for the rest of the year.

Since only captain Bob Hutcheson will be graduating from the Redmen ranks, coaches Larry Sullivan and Rocky Robillard will have virtually the same players to use as the nucleus of their team.

Such stalwart belters as Buster Brown, Ron Murphy, Len Sigurdson, Vaughan McVey, and John Larsen will give McGill one of the hardest hitting front walls in the league. In the last few games of the season, the strong line play of the Redmen was noted by observers around the league and with every member of last year's wingline expected to return, a powerful aggregation up front seems in the offing.

All-star quarterback Dick Carr is expected to line up with the team once again. Carr, who is a sixty minute man, was the unanimous choice of the selectors last year; winning by a wide margin over the now-departed Gus Braccia. Rick Adrian, Bob Holland, and John Cronin who teamed to form a potent running attack for McGill in the last three games of the season should pick up where they left off last year. The Carr to Bennett aerial team which was the best in college ball will also be intact.

But Sullivan will have more than his holdovers from last year's team to work with when the fall rolls around. The head football coach expects upwards of twelve new players from schools outside of McGill to be competing for positions on the starting team. In addition, there are several outstanding American football players who have made applications to McGill and who may well be lining up with the Redmen next season. Announcements to this effect should be forthcoming towards the end of the month.

One of the players who has made an application to McGill is Wally Bulchak who has played for the Toronto Varsity Blues for the past three years. He is an offensive fullback and defensive halfback.

Queen's should make a strong defence of their title next year. Their outstanding running team of Ron Stewart and Gary Schreider will be back as will be most of their championship team. The loss of Gus Braccia will undoubtedly hurt them but replacements of a high calibre may well be expected to show up in Kingston.

Things have come a long way during the past year. Only a year ago, the Daily contained pleas by some writers to have the Redmen drop out of the Intercollegiate league and compete with teams such as McMaster. In the intervening time Larry Sullivan has shown that the football problem at McGill was nothing that could not be licked by a little hard work and initiative.
